Feedback M4

1. **Plan mode selector color:** Modify the color to make it consistent with the rest of the site.

2. **Solve dynamic suffix:**The word ‘Mes’ must also be dynamic: The word must be changed to “6 meses” in the case of 180-day plans.

3. **Apply hover effect to the "Subscribe" button.**

4. **Use a JSON file to select or prefill the "Region" and "Comuna" input fields**

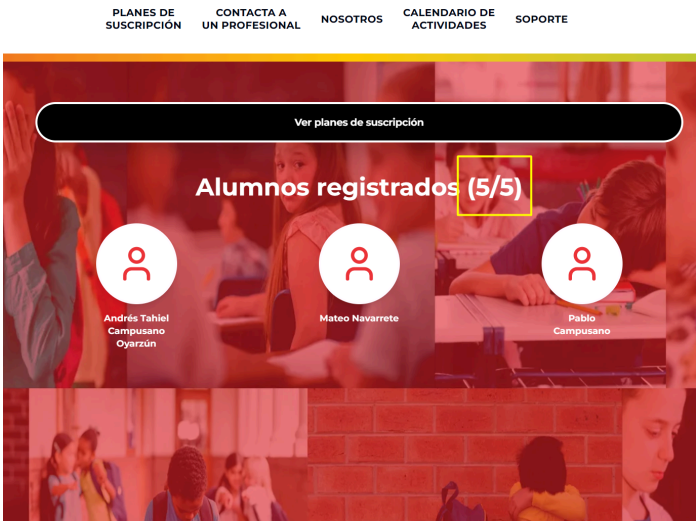
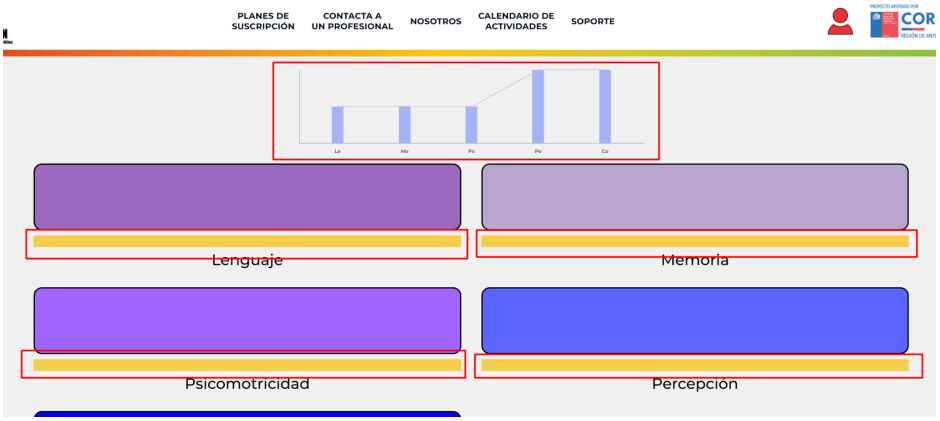
5. **Update the number of students every time the page loads:** That number should be updated dynamically.



6. **Chart update and progress:** This UI should update dynamically when loaded. Currently, when responding to an activity and returning to the student menu, the progress is not reflected.



7. **Adjust the page layer width of the "Contact Us" section:**Define the boundaries according to the overall layer of the entire website. And add top and bottom padding similar to that of the sections above.
